Dear Sir:

In response to the Office Action dated 31 July 2000 please amend
the above-identified application as follows.

IN THE CLAIMS

Please cancel claim 4.

Please amend claims 1, 2, 5, 6 and 7:

1. (Once amended) A collating device for sheet material comprising
a collating station having a pair of guide members for receiving sheets
to be collated through an opening therebetween, first conveyor means
for conveying sheets consecutively into the collating station and
second conveyor means for conveying a collated stack of sheets out of
the collating station, support means comprising a flexible member
biased towards a position for supporting sheets in the collating
station away from the second conveyor means in a position between the
first conveyor means and the second conveyor means, and an actuator
member movable to urge a collated stack of sheets towards the second
conveyor means against and to overcome the bias of the support means.

2. (Once amended) A collating device as claimed in claim 1 wherein
the [support means is a] flexible member is mounted adjacent the
opening between the guide members.

3. (Once amended) A collating device as claimed in claim 1, wherein
